- * 5. BEST webpages

Extra resources will come this year to help the process..

- * 1. Medical and nursing input/ advice
- * 2. Care plans from BHNFT showing individualised needs
- * 3. Treatment summaries and risk stratified care will be outlined in documentation via ICE

Changes

- * Make it work for your team – you decide the best person to oversee Cancer Care Review's
- * Make it worthwhile for the patient – make it matter
- * Enable patients to cope better and know where else they can go locally for help
- * Utilise the Macmillan template if able
