

0-19 Public Health Nursing Service

The service leads the delivery of the Healthy Child Programme which is a prevention and early intervention public health programme offered to all children and families. It is a universal service which aims to support parents, promote child development, reduce inequalities, improve child health outcomes and health and wellbeing. It should also ensure that families at risk are identified at the earliest opportunity.

The lead for each Area Council/Locality Area is the Healthy Child Programme Lead (HCPL). The HCPL will work collaboratively with locality colleagues to develop and maintain effective services to children and young people and their families in Area Council localities.

Locality	Healthy Child Programme Lead	Email	Telephone Number
Penistone	Jane Fleming	melaniejanefleming@barnsley.gov.uk	07741096041

Dearne	Dawn Caulton	dawncaulton@barnsley.gov.uk	07720031455
South	Helen Mills	helenmills2@barnsley.gov.uk	07720031552

There are 4 levels of service delivery:

- Universal – offers universal health reviews and working with partners to ensure that families can access the HCP, and that parents are supported at key times and have access to a range of community services
- Universal Plus - offers rapid response when specific expert help is needed for example with postnatal depression, a sleepless baby, weaning or answering any concerns about parenting
- Universal Partnership Plus - provides ongoing support to deal with more complex issues over a period of time
- Community – offering a strengths-based approach to building family and community capacity
