Lead Dietitian

Paul Pipe-Thomas paul.pipe-thomas@nhs.net 01226 431576

The Specialist Dietitian provides a dietetic service for people who are under the care of a hospital Consultant.

Services provided at BHNFT:

1. Antenatal clinic—Specialist dietetic cover for Type 1, Type 2 and newly diagnosed gestational diabetes, including pre-conceptual care.
2. Consultant referrals
3. Currently provides insulin pump service—MDT service @ BHNFT
4. Currently provides carbohydrate counting group education on a monthly basis
5. Inpatient referrals for any patients with diabetes, with a focus on preventing re-admissions.
6. Integrated working with in-patient Diabetes Specialist Nurses

Referral

Direct from GP Or SPA Only. Consultant referrals
