NMP SharePoint Page: Email a.young@nhs.net

All applications must be made by **employers not employees** via the Training Hub website please

Could you host a student pharmacist on placement?

The SY Primary Care Workforce & Training Hub in association with the University of Sheffield are looking for partner practices, Federations and PCNs who can host placements for student pharmacists from the new MPharm course.

A fantastic opportunity to:

- Support & shape the future pharmacy workforce
- Showcase primary care as a potential career path
- Receive a clinical tariff payment providing a small additional income stream

If your organisation can offer a supportive environment for a student to observe and learn then we'd love to hear from you!

To register your interest, please click on the QR code or to find out more email: pharmacy@sheffield.ac.uk

Help our primary care workforce to grow

Thank you
