Hypertension Case Finding Service

How the Service Works

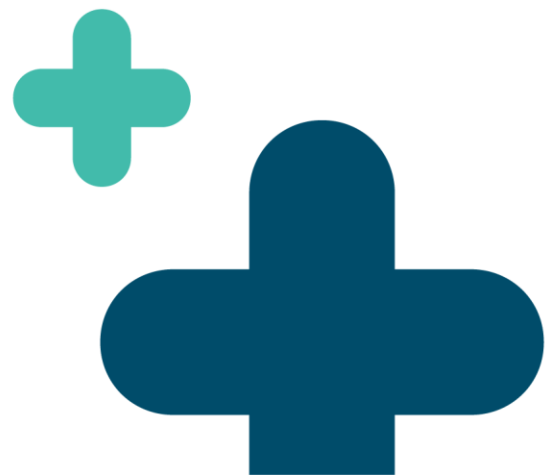

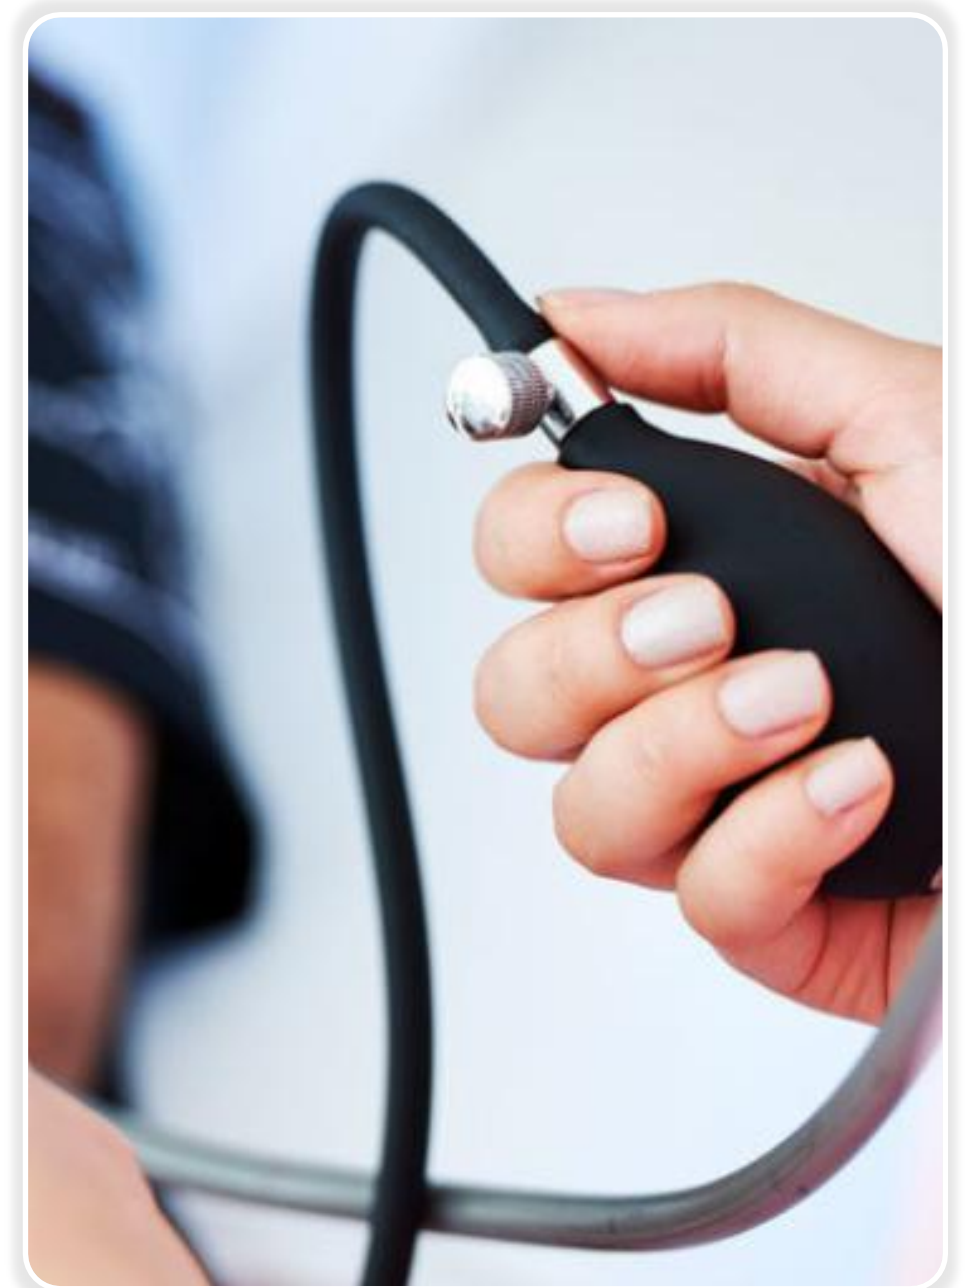

The service has two main parts:

Clinic Check: A pharmacy worker measures your blood pressure in a private room.

ABPM (Ambulatory Blood Pressure Monitoring): If your first check is high, the pharmacy may give you a small machine to wear for 24 hours to track your blood pressure while you move around

Changes to service

- Offer clinic checks for those 40 years or over without existing hypertension diagnosis (every 5 years)
- Offer ABPM for anyone over 40 (electronic referral with clinic readings)

Travel Vaccinations

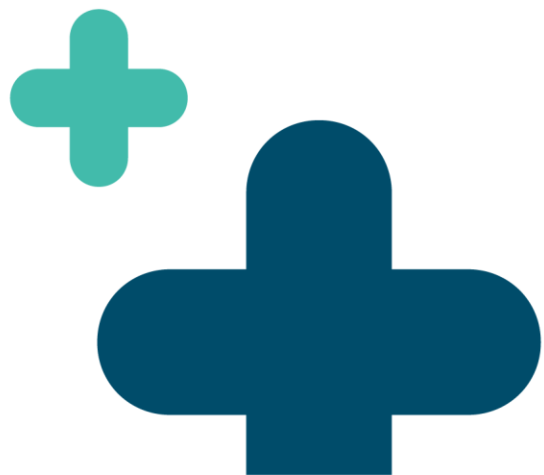

How can Well help?

- Offer vaccinations within Pharmacy
- Prevents transmissible, notifiable disease coming back to the UK
- Decreased cost to the NHS
- Signposting for non-NHS vaccinations
- Working in collaboration with the NHS

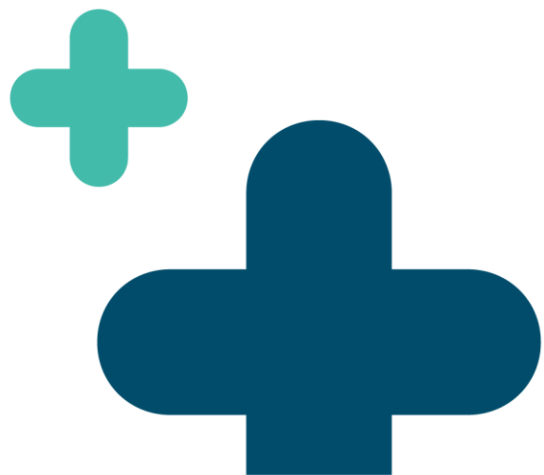

Travel Vaccinations we offer:

- Hep A
- Hep B
- Hep A & B
- Hep A & Typhoid
- Tick-Borne Encephalitis
- Japanese Encephalitis
- DTP
- Meningitis ACWY
- Typhoid
- Rabies

Well Pharmacy has partnered with Tympa Health to bring expert ear care to selected pharmacies across our estate. Trained pharmacists can assist patients with hearing checks, ear wax removal and if needed, onward referral to an audiologist for further investigation.

Tympa

WHAT'S INCLUDED

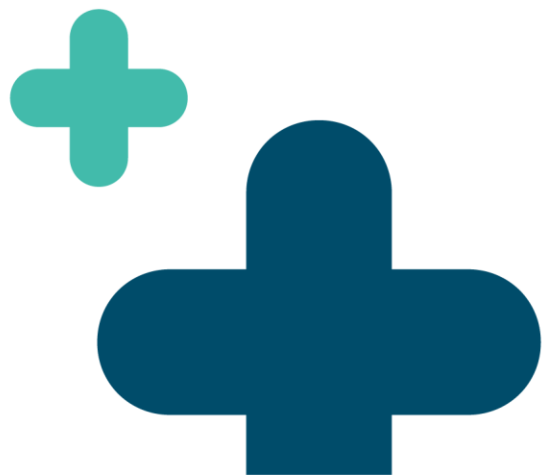

- Visual ear examination (otoscopy)
- Hearing check (screening)
- Wax management where clinically indicated
- Onward referral via TympaRefer

HOW IT'S DELIVERED

- In-branch, in your consultation room
- By a Tympa-trained Ear Care Practitioner
- Powered by the Tympa platform — clinical-grade imaging
- Backed by Tympa clinical governance

WHO IT'S FOR

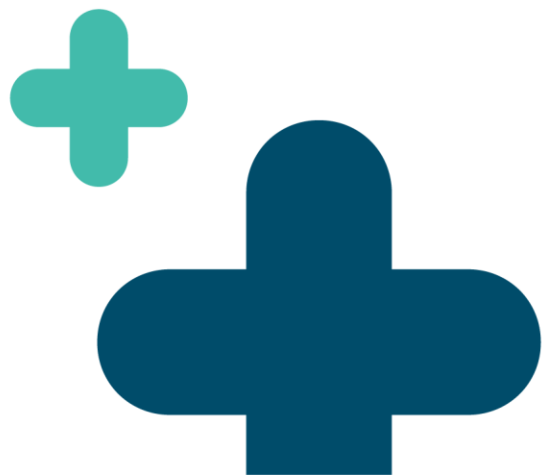

- Adults 50+ — wellness and prevention
- Diabetes, hypertension, polypharmacy patients
- Anyone reporting muffled hearing, ringing, blockages
- Carers asking on behalf of someone at home

What can we do to support you?

Pharmacy Services act as a pressure valve for community healthcare providers by allowing patients to seek care from somewhere else, allowing you to see a different cohort of patients.

What can we do to support you?

+well

Thank you

Any questions?
