Suicide Prevention Action plan

Barnsley Suicide Prevention Action Plan

1. Reduce the risk of suicide in key high-risk groups
2. Tailor approaches to improve mental health in specific groups
3. Reduce access to the means of suicide
4. Provide better information and support to those bereaved or affected by suicide
5. Support the media in delivering sensitive approaches to suicide and suicidal behaviour
6. Support research, data collection and monitoring

“Every life lost represents someone's partner, child, friend or colleague, and their death will profoundly affect people in their family, workplace, club and residential neighbourhood.”

Hamish Elvidge

Bereaved parent, Chair of Matthew Elvidge Trust

EACH DEATH BY SUICIDE IMPACTS ALL OF US.

EACH **INDIVIDUAL DEATH**
WILL AFFECT AT LEAST
20 OTHER PEOPLE.

What are we doing about it?

Councils are taking suicide prevention seriously with 98% having strategies and actions plans in place or will have in the near future.

LA's recognise that it isn't a stand alone issue and sits in with mental and physical wellness.

Collaborative working

- Successful in NHS England Funding across the ICS for £555,000 for year 1.
- The announcement from Department for Health and Social Care, Public Health England and NHS England forms part of the Government's commitment to reduce suicides in England by 10% by 2021.
