HealthIntegrationTeam@swyt.nhs.uk

Objective of today's presentation.

***Provide an overview of the HIT / TB services
Focus to be around HIT and developments within the service.***

The Health Integration Team (HIT) was formed in 2008 having evolved from the team previously known as Barnsley Asylum Seeker Nursing Team (2003).

Aim

The origins of HIT was to facilitate the integration of overseas arrivals and ethnic minorities into mainstream health services.

Keys services provided by the Health Integration Team Barnsley

1. HIT Sheffield Road Barnsley (Asylum / Migrant / Traveller Health)
2. Mental Health Nursing Support Service
3. Barnsley TB service
4. Wakefield TB service

GO WITH THE FLOW!

Each individual's needs are fluid and are constantly changing.

We are a multi-skilled, proactive team who deal with whatever flows in through the door.

With **all of us** in mind.

Future TB Service plans

- Embed and extend current Community TB Champions across Barnsley PCN network
- Increase Health Promotion and TB awareness training across all other services and agencies
- Increase GP referral in to HIT for new entrant screening for all new arrivals
- Development of Wakefield's TB service Band 5 Community TB staff Nurse - (development post, initial focus on health promotion and prevention work)
