# What is the PCN

Barnsley  
Healthcare  
Federation

*Better Health, Better Care, for a Better Barnsley*

- From 1 July 2019, all patients in England should be covered by a primary care network (PCN)
- *The NHS long term plan* envisages that the networks support improvements in primary care
- Allows primary care to play a larger role in the Integrated Care Systems (ICS)
- Patient populations of 30-50,000
- It is an enhancement to the core GP contract
- Opportunity to bring new roles into Primary Care and extend the Practice Team

# PCN Delivery

Barnsley  
Healthcare  
Federation

*Better Health, Better Care, for a Better Barnsley*

- Our proposal for the allocation of £1.50 per head has been approved
- We have advertised and shortlisted for the Clinical Pharmacists roles
- We are shortlisting for the role of PCN Manager
- Conducting conversations with SYHA to engage new Social Prescribers
- Submitted initial draft of a PCN development plan

# Today

Barnsley  
Healthcare  
Federation

*Better Health, Better Care, for a Better Barnsley*

- Meeting partners from across Barnsley to begin conversations
  - What is out there?
  - Consider how we can work together?
  - What are our shared priorities?
  - What can we do better together?
  - How do we begin to work in a ‘single team’ approach
